

Erratum Corrigendum

Due to a typing error, an incorrect figure was given in the first paragraph on page 12 of the June *OPEC Monthly Oil Market Report* for the implied oil stock build in 4Q 2004. The correct figure is 1.3 mb/d, rather than 2.3 mb/d. For further clarification, this stock build is based on the assumption of OPEC production at 29 mb/d in 4Q 2004.
